

Enter a new world of possibilities

Enter a new world of possibilities with the Lainox Naboo range of Combination Ovens from Dawson Foodservice Equipment. This isn't just another new range of Combination Ovens; this is the new age of technology and the first of its kind anywhere in the world.

Naboo brings full Wifi connectivity to your kitchen giving chefs access to the Lainox Cloud, a web based library for chefs to share, store and manage all types of information. Everything from menus, ingredients and recipe presentation options. Also, interact with the Lainox team live and take advantage of our HD video support capabilities all on the Lainox Cloud.

The Naboo range boasts the first ever HD 10" android tablet control centre on a Combi which allows users to quickly and simply navigate through the extensive content the Oven offers.

- 91 Automatic pre set programs
- HACCP data download (perfect for multi site establishments)
- Innovative wash and lime scale management systems (patent pending)
- Eco vapour, green fine tuning and eco speed dynamic are just the beginning of the Lainox efficiency control mechanisms built into Naboo.
