

HOTELS & RESTAURANTS

PROJECTS PORTFOLIO

HOTELS & RESTAURANTS

Guest expectations of dining have never been higher, with hotel restaurants expected to deliver innovation, quality and value.

We have worked with many hotel groups, restaurateurs and operators looking for optimum efficiency in the design and planning of their facilities, amidst costly space rental and increasing competition.

The following pages are a sample portfolio of some of the projects we have completed.

ROSEWOOD LONDON

The £85 million renovation of this beautiful 1914 Edwardian grade II listed building was led by lead consultant EPR architects with bedrooms, suites and hotel public areas designed by renowned New York designer Tony Chi and Associates and the bar and restaurant designed by restaurant specialist Martin Brudnizki Studios.

Tricon was appointed to work with the hotel's food & beverage team to deliver kitchens and bars to support the cocktail bar & restaurant, Holborn dining room restaurant, the Mirror Room Grand Salon as well as the Hotel's main kitchen.

MONDRIAN AT SEA CONTAINERS

Situated on the banks of the River Thames, the Mondrian London at Sea Containers brings new vibrancy to the Southbank in the form of this new 360 room, five star hotel. The hotel, designed by Design Research Studio under the direction of renowned designer Tom Dixon, exudes 1920's cruise ship glamour with contemporary modern twists.

Tricon worked with the developer Deerbrook and operator Morgan Hotel Group to deliver a range of restaurant and bar designs, with some challenging logistical elements, including a central commissary kitchen in the basement which used to be a car park!

HYATT CAPITAL GATE TOWER

An iconic building designed by RMJM architects and located in the Abu Dhabi port area, this is a mixed use tower where Tricon designed the food and beverage hotel element for Hyatt. There are 189 bedrooms from the 18th floor upwards and a range of food and beverage facilities including an all day speciality restaurant, bar and meeting rooms. Tricon was involved throughout the entire design process and advised on the operational management in areas that influenced the design of foodservice and laundry.

THE WALDORF HILTON

The Waldorf Hilton is a 300-room landmark hotel in the heart of London's theatre district. Tricon supported the project team in the redevelopment of all food and beverage operations as part of the hotel's major refit. This included the redevelopment of the all day Patisserie and Homage Grand Salon fine dining restaurant that was supported by a new basement central production kitchen and pantries to support the redeveloped Palm Court and business/meeting room suite.

IN DEVELOPMENT

ST REGIS, JORDAN

Tricon is responsible for the design of the F&B and laundry facilities. Situated in Abdoun, this five star luxury hotel consists of 225 guest rooms and 134 apartments. Tricon took the initial development ideas and helped create the all day dining restaurants, bars, lounges, speciality and pool restaurants. The main kitchen is designed to support these facilities as well as the ballrooms and meeting room suite. The design includes a full in-house laundry.

ACCOR AL DANA, BAHRAIN

Tricon is appointed to deliver kitchen and laundry designs for the new build Pullman Hotel and redevelopment of the existing Al Dana Novotel. Working in conjunction with the interior designers, Samuel Creations, Tricon is designing the main kitchens and show kitchens for the 8 food and beverage offers which form part of this new hotel campus.

MARRIOTT LIBREVILLE, GABON

This 220 key five star property is being developed in the heart of the city & sits adjacent to the coastline. The property, designed by G1 Architecture, is being developed with the Department for Tourism & Leisure. Tricon was appointed to deliver detailed designs for the kitchen, laundry, French asiatic themed restaurant & sports bar together with extensive banqueting & conferencing facilities.

HILTON, SIERRA LEONE

This 200 key five star hotel located on the coast of Freetown includes an all day dining restaurant, speciality restaurant together with three bars, a pool bar and grill and 400 cover ballroom. Tricon is appointed for developing a fully detailed tender design package for the kitchen and laundry areas.

ONE & ONLY, BAHRAIN

This brand new beach resort development will comprise of 155 keys with 14 mansions, 4 villas and a spa. Tricon are working with project architects DSA in the development of the F&B facilities which include an All Day Dining restaurant, A Lounge bar, Pool Bar and Italian restaurant. In addition there is a 380 cover ballroom with supporting finishing kitchen.

INDIGO HOTEL, KAJD, RIYADH

This 240 key, five star hotel is to be operated under the IHG Indigo brand. Tricon was responsible for developing kitchen and laundry designs for this tower hotel working alongside Gensler, who are project architects.
